- Frequent wash may affect the performance of the product or its treatment (when present)
- Any stain, spills or soiling should be cleaned up promptly with a 5% neutral soap solution using a clean cloth, gently pressed and rubbing in smooth circular movements.
- In case of dry soil please remove first with a vacuum cleaner
- For articles with the Easy-to-Clean feature we recommend using a 100% cotton cloth and a soft brush if necessary
- We do not accept responsibility for any damage resulting from inappropriate use, chemical cleaning or additional impregnation.
- The analytical results are referred only to the sample tested.
- Discoloration and colour deviations tolerated by permissible industrial standards do not constitute reasons for claims.
- Colour migration may occur.
- Pilling is a natural phenomenon that occurs due to daily use and frequent washing and cannot be avoided.
- Dry cleaning is recommended to preserve the FR treatment performance.
- We reserve the right to modify, at any moment and without notice any product specifications.
